

High Voltage LED Flexible strip

Indoor & Outdoor rated

- **Dimmable**
- 8W / Meter (2.5W / foot)
- Cuttable every 30 LEDs - 20" (500mm)
- **Weather sealed** for outdoor use - **IP65**
- **UV Protected** housing
- Includes Power feed - 60" (152cm) long with plug

Product Code	23M(75'):	LS-FLO-75-120-60-27K
	23M(75'):	LS-FLO-75-120-60-5K
Voltage		120V AC
Wattage		8W/M (2.5W/FT)
# of LEDs		60 - 5050 chips/M
Color Temperature		2700K Warm white 5000K White
Beam spread		140°
Dimensions		75' Roll: W5/16" x H9/32" 23M roll: W7.9 x H7mm
Lumen output		920/M (280/FT)
CRI		85
IP Rating		65

Roll Length: 75' (23M) length - *Connect two together for Max run of 150'*

Cut distance ::: 30 LEDs - 20" (500mm)

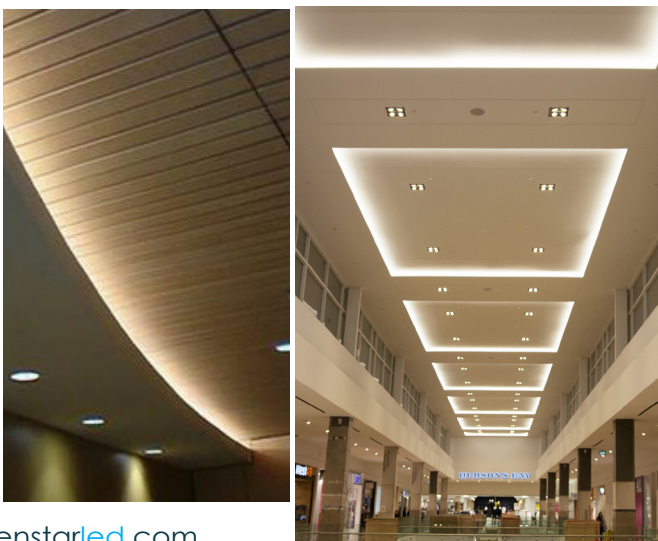

Applications

- Architectural
- Cove lighting
- Display lighting
- Outdoor lighting

Features

- 120V AC Power
- 75' (23M) rolls (Max run per 120V input - 150')
- **Xbrite** SMD LED technology
- Dimmable
- Simple to install
- **+50,000** hour lifespan

3 Year Warranty
