

RGB LED Flexible Tape

Long Lengths required?

Available in 24V - 25M (82') rolls

- 4 Wire System
- Requires RGB Controller to function optimally (Sold separately)

NOTE: Dimmable power supplies cannot be used with our RGB controllers. All of our RGB controllers are dimmable with remote.

Product Code	5M(16.4'):	LS-FLI-5B-12-30-RGB
	5M(16.4'):	*LS-FLI-5B-24-60-RGB**
	25M(82'):	*LS-FLI-5D-24-30-RGB
Voltage	12V / *24V DC	
Wattage	7.2W/M (2.2W/FT) **14.4W/M (4.4W/FT)	
# of LEDs	150 Triple chip SMDs per roll	
Color Temperature	RGB color changing	
Beam spread	140°	
Dimensions	W25/64 x H5/64" W10 x H2mm	
Lumens	30 chips/ M: 410/M (125/FT) 60 Chips/M: 820/M (250/FT)	
Dimmable	Yes (Using RGB Controller)	

Roll length: 5M (16.4') & 25M (82') lengths

- 12V Cuttable ✂ every 3 LEDs 3^{15/16}" (100mm)
- 24V Cuttable ✂ every 6 LEDs 7^{7/8}" (200mm)

Applications

Cove lighting
Mood lighting
Display lighting
Back bar lighting

Features

- Super bright **Vibrant Color Spectrum**
- Ultra thin profile
- **Xbrite** Triple chip SMD LED technology
- Modern contemporary design
- Super efficient
- +50,000 hour lifespan

3 Year Warranty

Solderless connectors make simple work of corners or adding extra length where required.

Solderless Connectors	SKU
Seamless connector - Application: Add length	LS-RGB-SC1
Connector on one end - Application: Cut strip to power	LS-RGB-SC2
Connector on both ends - Application: Corners	LS-RGB-SC3
L-Connector - Application: Corners	LS-RGB-SC4

12 or 24V DC Power supplies & RGB Controllers:
Sold separately
