

## OUTDOOR RGB LED AMPLIFIER

Suitable for Lumenstar's RGB Controllers to boost signal on long runs or large power consumption applications.

### Features

- 12-24V DC waterproof power repeater
- 3x4A/Channel current
- Common anode connection
- PMW input signal
- Control a larger quantity of LED lights

Product Code	LS-RGB-O-AMP-4A
Input Voltage	12-24V DC
Output Current	3x4A/Channel (12A)
Output Power	<b>12V:</b> 144W, <b>24V:</b> 288W
Working Temp	-50°C~+65°C
