

MAGNETIC DIMMABLE LED POWER SUPPLY

Variety of magnetic dimmable LED power supplies, suitable for outdoor and wet locations.

Features

- Outdoor and wet location rated
- Controlled with a low voltage magnetic dimmer (LS-MLV-450W). (Contact us for a list of other compatible MLV dimmers)
- Manual reset thermal circuit breaker on the secondary side
- NEMA 3R enclosure
- ETL & CSA Listed
- UL standard 5085-1

Wattage/Voltage Options

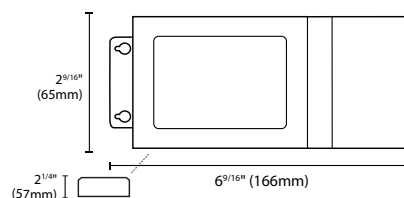

- 60W (12V) - Class 2
- 150W (12V)
- 300W (12V)

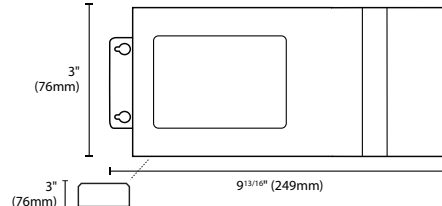

Output Voltage	12V DC		
Output Power	60W	150W	300W
Amperage	5A	12.5A	25A
Input Voltage	120V AC		
Input Frequency	60Hz		
Housing	Powder coated hardwire box		
Working Temp	-30°C~+45°C		
Warranty	3-year		

Dimensions

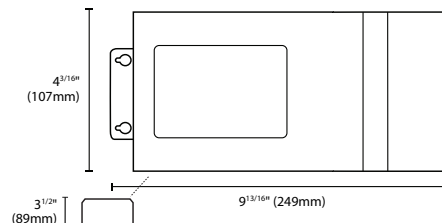

60W Dimmable Power Supply

150W Dimmable Power Supply

300W Dimmable Power Supply

Ordering Codes

	Voltage		Wattage		Product
LS -	12V	-		-	CV
	12V : 12 volts		60DM : 60 watts dimmable		CV : Constant Voltage Driver
			150DM : 150 watts dimmable		
			300DM : 300 watts dimmable		

Accessories

Image	Code	Product	Description
	LS-MLV-450W	Lutron Dimmer	Magnetic version: Dimmable on high voltage side.

Installation
