

## SIMPLE RF DIMMER

This simple RF dimmer can adjust brightness of LED lighting and includes a wireless remote.

### Features

- Low voltage dimmer with remote
- Remote turns on/off and dims brightness up and down
- Dims from 0-100% using PWM (Pulse Width Modulation)

### Applications

Dims puck lights, linear lights, flexible strip lights, ect

Product Code	LS-RF-Dim-RM
Input Voltage	12-24V DC
Output Current	1x8A/Channel
Output Power	<b>12V:</b> 96W, <b>24V:</b> 192W
Working Temp	-20°C~+60°C
Warranty	2-year

### Dimensions
