INDOOR RGB AMPLIFIER

Suitable for Lumenstar's RGB Controllers to boost signal on long runs or large power consumption applications.

Features

- 12-24V DC constant voltage power repeater
- 3x4A/Channel current
- PWM input signal
- Control a larger quantity of LED lights

Product Code	LS-RGB-AMP-5A
Input Voltage	12-24V DC
Output Current	3x5A/Channel (15A)
Output Power	12V: 60W/Channel, 24V: 120W/Channel
Working Temp	-30°C~+55°C

Dimensions
